

(ISC)²

2019 SECURITY CONGRESS

SIGN UP TODAY

NEW

The (ISC)² Student Experience at Security Congress

Whether you are just starting your studies or about to graduate, (ISC)² offers opportunities to test your skills and education in cybersecurity. If you are eager to learn and expand your career horizons in a dynamic industry, attend the (ISC)² Security Congress and learn from seasoned professionals and industry experts from around the globe. You'll have a variety of networking, educational and mentoring options that will help jump-start your career in cybersecurity!

THE STUDENT EXPERIENCE WILL FEATURE:

- Exclusive opportunities for students to network with professional experts and experienced mentors
- Educational sessions on starting a career and creating your own career path in cybersecurity
- Insights on starting your career journey as an Associate of (ISC)²
- Career counseling sessions with resume reviews and interview techniques
- Career fair with top-notch companies seeking interns and young professionals
- Special volunteer options to assist with various conference activities
- Interaction with (ISC)² leaders, industry executives and other aspiring students from around the globe

JUMP-START YOUR FUTURE TODAY!
